

## INTERNATIONAL ACADEMY OF TRIAL LAWYERS

In the interest of maintaining a civil society, the International Academy of Trial Lawyers unanimously adopts the following resolution:

*We, as an Academy, believe all assault weapons and high capacity magazines should be banned. The Academy also gives its undisputed support for the protests going on around the United States, including the March for Our Lives events, which demand that safety become a priority and that we end gun violence in our schools and communities.*

So resolved by unanimous vote of the Board of the International Academy of Trial Lawyers on Thursday, March 21, 2018.
